YOUR SELECTMEN REPORT

This year 1971 has made this Board more aware than ever before that an Administrative Assistant in the form of a Town Manager as provided under the laws in Chapter 37 of the New Hampshire Revised Statutes Annotated.

The demand for more services required by the Federal, State, County and local peoples; the supervision needed constantly for the economical transaction of town funds and the know how in administrative capabilities to manage the affairs of a community on the move like Hinsdale, necessitates that the Town provide for sound management. By taking a scant look at the future will convince the most skeptical foes of this type of system to agree that a Manager is indispensable.

A six-million dollar sewer and disposal system is facing us very shortly. A new site for solid waste and the type of its disposal is next. With this we should also incorporate the water system. These three programs are closely related and a plan to organize, finance and administer these projects is a procedure that takes time and knowledge.

This is only a minute part of Municipal Administration. Add the roads, police, fire, welfare, lighting, property evaluation, tax collection and other items that need to be taken care of immediately.

Three part-time Selectmen cannot give you, in all sincerity, the end result that a Manager would generate if we had one, and for this reason, we earnestly urge you to adopt the Manager System for our Town.

THE STATE OF NEW HAMPSHIRE

TOWN WARRANT

To the inhabitants of the Town of Hinsdale qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall on Tuesday the 7th, day of March, 1972 at 10 o'clock in the forenoon, to act on the following subjects:

The activity of the Hinsdale Municipal Court has increased substantially. The case load for criminal cases is up 25% over 1970, an indication of the increased protection afforded the Town by our Police Department. The Court has enjoyed the cooperation of the local, county, and state law enforcement agencies as well as the County Attorney's office and the Probation and Welfare Departments. For this help the Court is grateful.

REPORT OF THE FOREST FIRE WARDEN & DISTRICT CHIEF

LEST WE FORGET - IT CAN HAPPEN HERE

Disastrous forest and brush fires that destroy hundreds of homes are more prevalent on the west coast with their dry seasons and strong dry hot winds but 15 years ago this fall is the anniversary of a disaster that devastated large areas of northern New England leaving villages in ashes with rows of cellarholes and chimneys in a number of summer vacation home locations. Many lives were lost on that destructive day of October 23, 1947 nothing could stop the wind driven flames.

It is true that such conditions are unusual for New Hampshire but they happened once, they can happen again. The fuel for fires is all around us. All it takes is a firebrand. Only by cultivating a habit of carefulness with fire at all times can we meet the challenge of protection when dry conditions prevail. Please let these reminders be your guide:

1. Never, either when walking, riding or driving, discard a firebrand--a lighted match or a glowing cigarette.
2. Always obtain a permit for any outside burning. The burning of household rubbish is not permitted if your town has rubbish collection. Burning of grass or garden litter can be dangerous. See your warden first.
3. If you camp or picnic, be sure open fires are allowed and if they are, put them dead out when leaving.
4. Most important - Instruct your children in the danger of the lighted match. A lighted match and dry grass or forest litter is a dangerous combination which leads to destructive loss and can lead to tragedy.

The past year - 1971 was a favorable year for the control of fires. There were too many fire starts in some towns. We thank those who remembered and ask others to heed Smokey's message.

Number of fires reported and acres burned - 1971 season:

DISTRICT	41 fires	12 acres

REPORT OF THE HINSDALE PLANNING BOARD

At last year's town meeting, the voters authorized the Selectmen to appoint a five-member Planning Board for the Town, and that board began work last April. Joseph McCarthy was elected Chairman for the first year, and three sub-committees were set up to deal with different aspects of the Board's activities.

Gordon Spaulding is Chairman of the "Maps & Plans" sub-committee. With Ray Jones, Ann Pardee and William Zinn as members; this group is collecting and drawing maps of the town. Beginning with maps of the topography, streets, population density and the water and sewer systems, the sub-committee will eventually have a complete set of maps of every facility in town, and these will help the Planning Board determine its recommendations for the future development of Hinsdale. Gordon's sub-committee will also be responsible for soil surveys and a soil map, another necessary tool of planning.

John Field's sub-committee on "Community Codes" has been very busy this past year, the fruits of its labor being the sub-division regulations and the proposed building code. John's co-workers are James Carbino, Kenneth Maxfield and John Owsiak.

The sub-committee on "Community Goals" under Gary Holten boasts the largest membership: Richard Duke, Donna Carley, Clayton Hubbard, Michael Lyster, Edwin "Smoky" Smith, and Michael Wojchick. This group is charged with the responsibility for suggesting a set of goals for the future development of the town, goals which when related to the findings of the other sub-committees will result in a Comprehensive Plan. Since this subcommittee feels that participation by the citizens is essential to its job, it has prepared a survey which each of you should have received by the time you read this. If sufficient returns have come in, a preliminary report on results may be ready by town meeting day.

The ultimate purpose of the Planning Board is, of course, the above-mentioned Comprehensive Plan. We hope and expect to make substantial progress on this project during the coming year. We have submitted some articles on the Warrant, the adoption of which will be of great assistance to us, and enhance our ability to serve the citizens of Hinsdale.

Respectfully submitted,

N. Gary Holten, Secretary

HINSDALE POLICE DEPARTMENT

1971*****REPORT

Chief: Roger A. Eastman

Sergeant: Francis Smart

*See Page listing officers in the front of the Town Report.

At the close of the year 1971, we wish to thank all the Governmental Agencies for their cooperation and the residents of Hinsdale for their cooperation.

Officer Francis L. Smart has been promoted to the rank of Sergeant, and he is the first Sergeant appointed to the Hinsdale Police Department, also Michael Wojchick has been appointed to the Department.

At this time, we would like to thank the members of the Wantastiquet Grange, Business Establishments and the people who helped make our first Annual Dance a success.

If you will note the "Complaints" the Department investigated have increased from 1150 in 1970 to 1310 in 1971, a total increase of 160 complaints. In 1966, the first year I was elected Chief of Police, the total complaints were 655; from 1966 to 1971 there has been an increase of 655 complaints.

Respectfully,

Roger A. Eastman, Chief

ROGER EASTMAN, Chief

HINSDALE PUBLIC HEALTH NURSING ASSOCIATION

Following is a report of the activities of the Association from January 1, 1971 to December 31, 1971:

Home Visits to Patients	360
School Children attended in office	757

The Tine test (skin testing for Tuberculosis) was done in November on 51 adult persons in the school system.

A Clinic for German Measles (Rubella) immunization was held in February with 65 children preschool age through fourth grade receiving the vaccine.

In May, a general Immunization Clinic was held for children of preschool age through second grade and 121 immunizations were given. The vaccines were obtained from the New Hampshire Department of Public Health, and the Nursing Association sponsored the Clinic. Dr. John Houpis, school physician, was the attending doctor, and association members volunteered their help.

In October, the Nurse and Dorothy Brandl, Vice President, attended a Blue Cross - Blue Shield meeting in Concord. The purpose of this meeting was to discuss record forms.

During the year, 213 school physical examinations were done by Dr. Houpis, with the Nurse assisting.

The Nurse performed hearing screening tests on 576 children and vision screening tests on 776 children during the year.

During the preschool registration day in May, the Nurse and volunteer helpers, assisted in the Preschool Vision and Hearing Screening Program, for which the State Department of Health provided equipment and helpers. Seventy children were screened for hearing, and sixty-eight were given vision tests.

In April, a program in Dental Health was given to children in Kindergarten through grade three. A Dental Hygienist from the State Department of Health showed films, and gave an educational talk on care of the teeth.

The Nursing Association has held several meetings during the year to hear reports and discuss matters concerning Medicare and Medicaid.

I wish to thank all those who have helped in any way and to invite interested persons to become members of the Association.

Respectfully submitted,

Bertha C. Bradbury, R.N.

REPORT OF THE MONUMENT COMMITTEE

Following from letter received by Mark Chamberlain, Chairman of the Board of Selectmen:

"This letter is in regards to your letter of March 16, 1971 asking for recommendations on the Monument on Brattleboro Road.

The Committee appointed consisting of Percy Stewart, Roger Streeter and myself, met at my place on January 22, 1972. We all decided that the Monument should stay at its present place and that the road should be graded up around it.

I feel that if you moved pole number 1 on the Monument Road back on to the town highway line, approximately ten feet, and pole number 2 back five feet, it would provide all the room that would be needed there."

Percy C. Stewart

THE STATE OF NEW HAMPSHIRE

SCHOOL WARRANT

To the inhabitants of the school district in the town of Hinsdale qualified to vote in district affairs:

You are hereby notified to meet at the High School in said district on the 17th day of March, 1972, at 2:00 o'clock in the afternoon to bring in your votes for the election of the following officials:

1. A moderator for the ensuing year.

A clerk for the ensuing year.

A member of the school board for the ensuing three years.

A treasurer for the ensuing year.

Polls open at 2:00 P. M. on March 17, 1972, and close not earlier than 7:00 P. M. on March 17, 1972.

You are hereby further notified to meet at 7:30 P. M. on March 17, 1972 at the High School to act upon the following subjects:

2. To receive the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

3. To choose an auditor and committees in relation to any subject embraced in this warrant.

4. To see what sum of money the district will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents and for the payment of statutory obligations of the district.

5. To see if the district will vote to authorize the School Board to apply for, to accept, and to expend, on behalf of the district, any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire.

6. (By Petition) To see if the School District will appoint a Committee of five members to study the feasibility of twelve-month operation of the Hinsdale School System and to make a report of such study to the School District at its next Annual Meeting in 1973. Said Committee shall be composed of one member of the Board of Selectmen, one member of the School Board, one member of the Town Budget Committee, one member of the School Budget Committee, and one member-at-large.

7. To transact any other business which may legally come before this meeting.

Given under our hands at said Hinsdale this 16th day of February, 1972

I have examined the books of Hinsdale Schools as of June 30th, 1971 and the treasurer's report for the year then ending.

This examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances.

In my opinion, the bank balances of various departments, and the income and disbursements were correctly recorded.

Respectfully submitted,

Paul O. Aust

Administrators' Report

The school principals and superintendent, as in the past, are combining their efforts to produce a single report in order to avoid duplication and verbosity. This report will attempt to summarize certain relevant educational matters, but the administration does not pretend to be infallible in discriminating between what is significant and what is not.

During the past year, financial problems have grown with the rise in local property taxes, the increasing costs of education, the reduction in state support, and a lagging economy that has placed increased burdens on the family pocketbook. This has, in many cases, brought about a feeling of futility by people in our community as well as elsewhere. Concepts like relevance, accountability, local control, and the like are challenging our school system. Critics are saying that schools are political organizations and that schooling as a social system serves political ends. Although educators resist this suggestion, the question remains, why have we reached this critical impasse?

In theory, public schools should be equal in every way. However, this is not the case. School systems reflect the financial resources and social values of the community which supports them. The disparity among schools is found not only among communities, but also is found from state to state. Parents and students are becoming aware of these inequities and are attempting to redress their grievances by active political intervention. Public schools on the other hand, have maintained their present structures because they are essentially subdivisions of local governments and therefore reflect the expectations of those sources of power. It seems clear that as long as the property tax remains as the principal revenue producer, local community influence will continue to exert power and direction over educational policy in our schools and the frustration over inequalities in educational opportunity will continue.

Enrollment

Our September enrollment was 530 which was a decrease of 14 from the previous September's enrollment. Unlike previous years the enrollment has not increased during the year thus far but rather has decreased slightly to a figure at this time of 520.

Staff

Miss Cheryl Hawksby, a 1971 graduate of the University of New York, joined our staff in September as a teacher in Grade 3.

Mrs. Patricia Haselton, a 1970 graduate of Keene State College and who was a Title I Aide in our Language and Speech Development Program last year, became a regular member of our teaching staff in Grade 5.

Miss Dorothy Hugo, a 1971 graduate of the University of Massachusetts joined us as a teacher in Grade 6.

Guidance

Our pupil personnel team continues to be effective in dealing with the school problems of our young people. Dr. Howard Buss, our school psychologist, meets with us this year each Tuesday morning.

Speech Therapy

Federal Title I again is providing speech correction services for our boys and girls. Our therapist this year is Miss Donna Jacobs from Crotched Mountain Rehabilitation Center. Miss Jacobs works with children each Tuesday morning and Friday afternoon. Miss Jacobs is assisted by Mrs. Hazel Rubeor who is conducting language development lessons using the Peabody Language Development materials. Mrs. Vicki Jordan is responsible for daily individual speech correction exercises with the children in the program.

Curriculum

We continue to emphasize the basic tool subjects at the elementary level. In particular this year we began a review of reading materials and different techniques used in the teaching of reading during our workshop sessions. The results of the state-wide testing program in Grades 3 - 6 indicate that as a whole our youngsters are achieving in reading on a level equivalent to the national averages. However, we are challenged each day with finding new ways to meet the reading needs of each child.

We are indebted to two Hinsdale young people for giving of their time and talents to our physical education program. Miss Judy Mitchell, a student at Keene State College, worked with the children and their teachers in grades one and two for about six weeks in the Fall. Mrs. Cindy Williams, a graduate of Keene State College, is currently working with the students and their teachers in grades three through six. Both young ladies have helped us with many ideas for which we are most grateful.

Forty-seven percent of the Class of 1971 are presently enrolled in Post Secondary Schools. Ten percent of the Class are in the Armed Services, forty-one percent are presently employed, and two percent are married.

Enrollment

As of January 21, 1972 our enrollment was as follows:

<u>7</u>	<u>8</u>	<u>9</u>	<u>10</u>	<u>11</u>	<u>12</u>	<u>Total</u>
74	80	61	70	46	44	375

We expect the High School Student Body to increase by twenty-six students at the start of the 1972-73 school year. Therefore, our projected enrollment for the next school year is four-hundred one.

Staff

Six new teachers joined our 1971-72 high school faculty.

Mr. Robert Latourelle, a graduate of Clark University and Springfield College has become our Guidance Director.

Miss Ann Blanchette joins our Math Department. Miss Blanchette received her Bachelor and Masters Degree from the University of Maine.

Miss Mary Lou Currier, a graduate of the University of New Hampshire rejoins our English Department.

Mr. Eric Christensen, who is working in the Science and Social Studies areas, received his Bachelor of Arts Degree from the University of Massachusetts.

Miss Charlene Ellis replaces Mrs. Nancy Butterfield in our English Department. Miss Ellis received her Bachelor of Arts Degree from Grinnell College and her Masters Degree from Antioch in Putney.

The new member of our Business Education Department is Mrs. Barbara Fitts. Mrs. Fitts, a University of New Hampshire graduate, comes to us after teaching at Dover High School.

Mrs. Gail Deutsch, a graduate of Brooklyn College, is presently working in our English area.

Curriculum

As was stated in last years report, we hoped to add a course to our Mathematics sequence. This did become a reality. Computer Science and Statistics is now offered on an elective basis to college bound juniors and seniors.

The first semester is spent learning to write programs for solving a large range of mathematical problems. Statistics is introduced during the second semester. During this time period the students are brought to a point where they are able to solve involved statistical problems through computer use.

Next Fall, in the curriculum area, we hope to add to our vocational sequence, a full course in Practical Electricity.

Extra-Curricular Program

The extra-curricular program at Hinsdale High School, we are pleased to say, now involves approximately seventy-five percent of the student body.

The range of activities offered is quite varied, to say the least. Our band alone, which is considered one of the best high school bands in the State, has one hundred seven members, which points to a great interest and enthusiasm for music among our students.

Our athletic teams have improved to the point where, in recent years, they have been constant contenders for State titles. Our intramural program and non-music and non-athletic activities have experienced a rapid growth in numbers of participants.

Faculty, students, and administration are justly proud of the participation and results of our extra curricular program.

Finances

The problem of financing our schools can be approached from many points of view. With the tight squeeze on the public's financial resources, the question of where school costs can be cut takes on added importance. Adoption of the year-round school, campus style secondary school programs, "schools without walls," postponement of construction, system construction procedures, and increased use of school aides in appropriate areas might slow rising costs somewhat, but even when all the potential has been realized from these kinds of savings, the costs of schooling will continue to rise. Inflation has not yet been controlled. Personnel costs continue to increase, although not as rapidly.

The only effective way to cut the costs of instruction is to cut the number of people involved in it, increase average class sizes, or eliminate programs. The other alternative is to increase the supply of money to pay for schools, not a pleasant prospect either. To demand more of our already over-burdened property tax payers does not seem reasonable. However, additional state support would not be unreasonable in view of the fact that New Hampshire is last among the states in the amount that it contributes towards the support of education. Therefore, increased state support of schools must be considered as one acceptable solution of the problem.

Support for our public system of education depends upon the confidence of the taxpayer in the system. Recognizing that this confidence is fostered by demonstrating the effectiveness of the dollar expenditures, our schools will strive to bring about the results commensurate with dollar costs per student.
